SIMIADO 9000 neutral silicone weatherproof sealant

WaterProof

Mold-resistant

Weather-resistant

Strong adhesion

PRODUCT FEATURES:

793A is a one-component, neutral, room-temperature curing silicone sealant that is easy to use; Except for copper materials, it is non-corrosive to most building materials; It has good adhesion properties to a variety of building materials.

MAIN USES:

It is suitable for bonding, caulking, and sealing of various stainless steel doors and windows in households; bonding and sealing of building doors and windows made of aluminum alloy, glass, and plastic steel; bonding and sealing in various indoor and outdoor decorations; as well as other general industrial applications.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: 9000

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 300mm x 200mm x 243mm

PRODUCT DIMENSIONS: 4 x 22 (cm) / each

COLOR: transparent, black, porcelain white, silver gray

100%
Silicone

SIMIADO 9.0 High-Temperature Fire-Retardant Sealant

PRODUCT FEATURES:

The fire-retardant sealant instantly extinguishes flames, prevents fire spread, and ensures safety. Its pure, dense form cures to a sleek, glossy finish, fitting for both construction fire barriers and securing electronics. Deep-cure technology reinforces hardness and longevity, assuring lasting fire protection and sealing.

MAIN USES:

- Bonding and sealing of various fireproof doors and windows, and flame retardant sealing of all layers of curtain wall engineering.
- Flame retardant seals for all kinds of doors and windows.
- Fixing and flame retardant sealing of electronic and electrical components.
- Fire prevention and moisture-proof sealing in various public places.

PRODUCT PARAMETERS

BRAND: SIMIADO
MODEL: 9.0
CAPACITY: 310ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 24 pieces per box
DIMENSIONS PER BOX: 300mm x 200mm x 243mm
PRODUCT DIMENSIONS: 4 x 22 (cm)/each
COLOR: porcelain white, gray, red, Black

SIMIADO MS90 Multi-Purpose Silane Modified Sealant

Eco-
friendly

Mold-
resistant

High
flexibility

Low-VOC

PRODUCT FEATURES:

- Mold & Stain Resistance: Excellent mold-inhibiting properties and strong resistance against contamination.
- High Flexibility & Crack Resistance: Superior elasticity and crack-resistant, preventing cracks to ensure a durable seal.
- Eco-friendly & Low VOC: Free of volatile components with low VOC emissions, complying with environmental standards.

MAIN USES:

The product is widely used in trimming and sealing, suitable for a variety of materials such as wood, porcelain, metal, stainless steel and decorations, such as mirrors, handles, marble, etc., and is also used for calligraphy and painting, signage, acrylic, PVC bonding, is a waterproof, caulking, trimming multi-purpose solution in indoor and outdoor decoration projects.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: MS90

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 304mm x 204mm x 243mm

PRODUCT DIMENSIONS: 4 x 22 (cm) /each

Polymer

SIMIADO 9300 Neutral Silicone Anti-Mold Weatherproof Sealant

100%
Silicone

PRODUCT FEATURES:

- Fast-drying: Reduces curing time for efficient construction;
- Mold-resistant: Extends service life in humid environments;
- High weather resistance: Stably withstands indoor and outdoor conditions, climate changes, and UV effects, preserving sealing integrity.

MAIN USES:

Suitable for installation sealing of various door and window projects, aluminum panels, glass, as well as general sealing requirements in floor tiles, interior decoration, demonstrating excellent material compatibility

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: 9300

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 300mm x 200mm x 243mm

PRODUCT DIMENSIONS: 4 x 22 (cm) /each

SIMIADO S9700 Colorful Structural Weatherproof Sealant

Custom Colors

Strong Adhesion

Free of white oil

Anti-Mold

PRODUCT FEATURES:

- Color modulation: Customized colors are available.
- Dual function: both structural sealant and weather-resistant sealant properties.
- Long warranty period: 15 years of warranty is promised to enhance user confidence.
- High modulus standard: follow the high modulus construction engineering standard, and can withstand large loads.

MAIN USES:

Applicable to a wide range of construction projects including glass, metal, stone slabs, ceramics, aluminum panel facades, window and door installations, as well as building exteriors, showcasing excellent material compatibility and versatility.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: S9700

CAPACITY: 590ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 20 pieces per box

DIMENSIONS PER BOX: 358mm x 242mm x 193mm

PRODUCT DIMENSIONS: 4 x 33(cm)/each

COLOR: #1Soft brown color、#2Deep brown color、and other colors

100%
Silicone

SIMIADO 995 Gold Standard Neutral Silicone Structural Sealant

WaterProof

High
elasticity

High
modulus

Strong
adhesion

PRODUCT FEATURES:

High-viscosity structural adhesive that can withstand 25% displacement capacity at seams. SMA-995 is a one-component, neutral room temperature, high-modulus silicone sealant that is easy to use, has the characteristics of high elasticity and aging resistance

MAIN USES:

Suitable for exterior walls, stone, metal, ceramics, canopy sealing, sunrooms, aluminum plastic panels, large-scale windows and doors, point-supported glass, aluminum panel facades, glazed roof lights, and small curtain wall joint sealing.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: 995

CAPACITY: 590ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 20 pieces per box

DIMENSIONS PER BOX: 360mm x 244mm x 194mm

PRODUCT DIMENSIONS: 4 x 33 (cm) /each

COLOR: transparent, black, and other colors

SIMIADO 9800 Engineering curtain wall structural sealant

High modulus

Mold-resistant

High-elasticity

Strong adhesion

PRODUCT FEATURES:

- High hardness and high rigidity, heavy bearing capacity, stable shape;
- Strong viscosity and flexibility, adaptable to deformation and crack prevention;
- Pure colloids to ensure the quality and beauty of the bond;
- Compatible with a wide range of materials, excellent adhesion to multiple materials.

MAIN USES:

Bonding, caulking and sealing of exterior wall projects such as various sunshine rooms, all kinds of canopies, dry-hung stone glass lighting roofs, point glass, aluminum-plastic panels, etc

PRODUCT PARAMETERS

BRAND:SIMIADO

MODEL: 9800

CAPACITY: 590ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 20 pieces per box

DIMENSIONS PER BOX: 360mm x 244mm x 194mm

PRODUCT DIMENSIONS: 4 x 33(cm)/each

COLOR: transparent, black, grey, and other colors

SIMIADO 400

Two-component Tile grout

- WaterProof
- Yellowing Resistance
- No cracking
- Strong adhesion

PRODUCT FEATURES:
High temperature tolerance, can withstand high temperature of 150° C; It has good ice resistance and is stable at -40° C. It is highly durable, resistant to yellowing, stains and easy to clean. The colloid is pure, the viscosity is strong and tough, and the beauty joint filling effect is both beautiful and stable, which can change with the expansion and contraction of the tile to prevent the cracks from falling off.

MAIN USES:
Suitable for a variety of tile materials including ceramic tiles, glass bricks, quartz tiles, and terracotta panels, as well as kitchen countertops, bathrooms, toilets, balconies, window sills, floor gaps, tile joints, and wall edges in various corners of interior decoration, meeting the needs of both beautifying and filling gaps.

PRODUCT PARAMETERS
BRAND: SIMIADO
MODEL: 400
CAPACITY: 400ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 20 pieces per box
DIMENSIONS PER BOX: 370mm x 240mm x 240mm
PRODUCT DIMENSIONS: 8 x 21 (cm) /each
COLOR: Porcelain white, grey, and other colors

30-Year
Endurance

SIMIADO 9300 Neutral Silicone Mold-proof Sealant

- WaterProof
- Mold-resistant
- Fast-drying
- Strong adhesion

PRODUCT FEATURES:

- Fast-drying: Reduces curing time for efficient construction;
- Mold-resistant: Extends service life in humid environments;
- High weather resistance: Stably withstands indoor and outdoor conditions, climate changes, and UV effects, preserving sealing integrity.

MAIN USES:

Suitable for installation sealing of various door and window projects, aluminum panels, glass, as well as general sealing requirements in floor tiles, interior decoration, demonstrating excellent material compatibility

SIMIADO S6 Solar Photovoltaic Specialized Sealing Sealant

- Non-corrosive
- Mold-resistant
- High toughness
- Eco-friendly

PRODUCT FEATURES:

The sealant combines anti-mildew, anti-corrosion, high-gloss and strong sealing properties to enhance the durability and aesthetics of the item. It is environmentally adaptable, especially suitable for outdoor and high-temperature environments, and environmentally friendly production, in line with green standards, is an ideal choice for the pursuit of quality and sustainable development.

MAIN USES:

Designed for solar PV modules, the sealant is suitable for laminate sealing, frame bonding and junction box fixing, meeting the specific needs of photovoltaics, and is widely used in interior architectural, decorative and industrial applications, showing excellent versatility and adaptability.

PRODUCT PARAMETERS

- BRAND: SIMIADO
- MODEL: S6
- CAPACITY: 590ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- DIMENSIONS PER BOX: 360mm x 244mm x 194mm
- PRODUCT DIMENSIONS: 4 x 22 (cm) /each
- COLOR: black, white

SIMIADO 568 Fast-drying acid silicone glass sealant

Weather-resistant

Rapid drying

Heat-resistant

Strong adhesion

PRODUCT FEATURES:

This sealing compound finds broad application in sectors spanning construction, automotive manufacturing and repair, as well as electronics, exemplifying its multidisciplinary utility. Its features comprise rapid curing, high-temperature tolerance, and superior weather resistance, which collectively reduce labor time, boost productivity, and ensure lasting, dependable seals even under harsh conditions.

MAIN USES:

Suitable for glass fabrication projects such as doors, windows, glass aquariums, glass countertops, large glass panels, glass skylights, stainless steel and aluminum alloy profiles used in glass structures, as well as bonding and sealing in interior renovations.

SIMIADO S7 Long-Lasting Mildew-Resistant Sealant

Eco-friendly

Mold-resistant

Waterproof

Strong adhesion

PRODUCT FEATURES:

- Eco-friendly A+ Grade: Odorless, certified by France, ensuring family health.
- 0-Level Mold Resistance: Top-tier mold prevention, effectively inhibiting fungal growth.
- Crack Prevention: Stable, non-shrinking formula to preserve wall integrity.
- Premium Quality Assurance: High standards for dependable sealing.

MAIN USES:

It is suitable for interior and exterior decoration joint trimming, waterproof and mildew sealing, covering kitchen and bathroom, interior decoration, door and window glass wall and various architectural decoration purposes, focusing on aesthetics and functionality, and non-structural assembly use.

SIMIADO A2/A3

Polyurethane foam caulk

WaterProof

heat
insulation

Fast
curing

Rapid
expansion

PRODUCT FEATURES:

This polyurethane foam sealant is a high-quality, multipurpose material featuring fast curing, waterproofing, insulation, soundproofing, and rapid expansion, making it widely applicable in construction and renovation projects. The difference between the features of the two products: the A2 light model emphasizes flexible filling and general heat insulation, while the A3 heavy model focuses on high-strength reinforcement and advanced thermal insulation.

MAIN USES:

It is suitable for sealing and bonding various structural gaps and components such as door frame caulking, window fixing, pipe filling, cold storage thermal insulation, pool seam sealing, switch box gap filling, pipe mouth insulation and sealing, and net red bubble mirror, showing excellent multi-purpose characteristics.

PRODUCT PARAMETERS

BRAND: SIMIADO

SIMIADO S9 High-performance sealant for mirrors

- No corrosive
- Mold-resistant
- Good stability
- Eco-friendly

PRODUCT FEATURES:
Robust chemical resistance ensures lasting stability against corrosive agents around mirrors; secure bonding promises enduring safety and usability; alcohol-based neutral curing is environmentally safe, emitting no offensive odors, gentle on surroundings; retains adhesion at high temperatures, fitting for mirror installations near heat sources or in hot climates.

MAIN USES:
It is suitable for interior and exterior decoration joint trimming, waterproof and mildew sealing, covering kitchen and bathroom, interior decoration, door and window glass wall and various architectural decoration purposes, focusing on aesthetics and functionality, and non-structural assembly use.

SIMIADO S9500 Super-Fast Drying Sliding Door Silicone Sealant

Fast curing

Ultra-long life

Weather-resistant

Strong adhesion

PRODUCT FEATURES:

Enables single-sided application with the ability to flip and continue work after just 2 hours, boosting efficiency. Offers broad weather resistance (-40° C to 150° C) and guarantees over a decade of durability—an ideal sealant for architectural decoration.

MAIN USES:

Suitable for bonding, caulking, and sealing of various high-end metal and glass sliding doors, hollow sliding doors, system windows and doors, profile door frames, decorative stones, panels, tiles, glass structures, and other building materials. Widely applied in diverse architectural decoration scenarios such as kitchen and bathroom ceiling installations or aluminum panel ceiling edge finishing.

SIMIADO PU88

One-Component PU ADHESIVE

ECO-
friendly

High
purity

Good
sealing

Strong
adhesion

PRODUCT FEATURES:

A single-component PU self-leveling sealant, this product provides a smooth, durable seal. Ideal for precision application, it cures into a flexible, weather-resistant layer, perfect for sealing joints in architectural projects.

MAIN USES:

It is suitable for the structural bonding of the corners of doors and windows such as broken bridge thermal insulation aluminum alloy, plastic steel co-extrusion profiles, wood-aluminum composite, metal curtain wall, conventional aluminum alloy wood-aluminum, etc.; Elastic bonding of passenger cars, trains, trucks, etc.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: PU88

CAPACITY: 310ml each

SHELF LIFE: 12 months

SIMIADO 9600 Engineering Curtain Wall weather-resistant Sealant

- weather-resistant
- Mold-resistant
- High-elasticity
- Strong adhesion

PRODUCT FEATURES:

- Weather Resistance: Offers excellent UV resistance, temperature fluctuation tolerance, and aging performance.
- Elastic Recovery: Provides good elastic recovery, accommodating structural displacement and deformation.
- Chemical Corrosion Resistance: Resists chemical erosion in acidic and alkaline environments, protecting joints from damage.

MAIN USES:

Can be used for doors and windows, stainless steel, aluminum alloy, aluminum profiles, canopies, stone, hollow glass, and residential conservatories.

PRODUCT PARAMETERS

- BRAND: SIMIADO
- MODEL: 9600
- CAPACITY: 590ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- DIMENSIONS PER BOX: 360mm x 244mm x 194mm
- PRODUCT DIMENSIONS: 4 x 33 (cm) /each
- COLOR: transparent, black, grey, and other colors

SIMIADO 998 Large Panel Glass Aquarium Sealant

WaterProof

Eco-friendly

Weather-resistant

Strong adhesion

PRODUCT FEATURES:

- Strong adhesion: Suitable for large glass panels and various materials.
- Excellent waterproofing: High water resistance, ideal for long-term immersion environments.
- Weather resistance: Resists UV rays, ozone, and extreme temperature changes, making it suitable for indoor and outdoor use while maintaining bonding strength and elasticity over time.

MAIN USES:

High-end doors and windows, aquariums, public aquariums, glass counters, etc., and the bonding and sealing of projects such as bathtub, glass components engineering, large plate glass, point-supported glass, skylights, and more.

100%
Silicone

COLOR: Glossy Black, Translucent, Glossy White

SIMIADO S650 Two-component silicone sealant for insulating glass

Aging
resistance

High
modulus

Strong
adhesion

eco-
friendly

PRODUCT FEATURES:

This product is a two-component, neutral cure silicone sealant, formulated to offer high modulus and high strength to meet the assembly requirements of insulating glass. In addition to the excellent weather resistance, high/low temperature resistance, and good adhesion properties typical of regular silicone sealants, it also features low permeability.

MAIN USES:

Non-structural secondary sealing for insulating glass, enhancing the stability and durability of the insulating glass units. Sealing and bonding for curtain walls, windows and doors, as well as interior decorative glass. Sealing and bonding for other glass products.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: S650

CAPACITY: Component A 190L/Component B 19L

SHELF LIFE: 12 months

PACKAGING : component A iron drum/component B plastic drum

COLOR: Component A is white/Component B is black

SIMIADO S660 Two-component silicone structural sealant for insulating glass

Weather resistant

Strong adhesion

High modulus

Aging resistance

PRODUCT FEATURES:

This product is a two-component silicone structural sealant, specifically designed for the structural assembly of insulating glass. It is a high-performance, neutral cure building sealant with excellent adhesion, and once cured, it offers outstanding weather resistance, UV resistance, and high/low-temperature performance.

MAIN USES:

Suitable for structural insulating glass assembly requiring high strength and stability, ensuring the safety and durability of the glass units. Sealing and bonding for curtain walls, windows and doors, as well as interior decorative glass.

PRODUCT PARAMETERS

BRAND: SIMIADO

MODEL: S660

CAPACITY: Component A 190L/Component B 19L

SHELF LIFE: 12 months

PACKAGING : component A iron drum/
component B plastic drum

Component B is black

SIMIADO S690 Two-Component Silicone Structural Sealant for Curtain Walls

- Stable viscosity
- High modulus
- Strong adhesion
- eco-friendly

PRODUCT FEATURES:

This product is a two-component, neutral, room-temperature-curing, high-modulus silicone structural adhesive with excellent adhesion. It bonds well to materials such as glass and aluminum after curing, offering stable viscosity and smooth extrusion. Ideal for efficient application with fully automated two-component sealing machines.

MAIN USES:

It is suitable for high-strength and high-stability bonding between glass and metal frames in curtain wall systems, ensuring the safety, durability, and aesthetics of the curtain wall structure.

PRODUCT PARAMETERS

- BRAND: SIMIADO
- MODEL: S690
- CAPACITY: Component A 190L/Component B 19L
- SHELF LIFE: 12 months
- PACKAGING : component A iron drum/component B plastic drum
- COLOR: Component A is white/Component B is black

SIMIADO Epoxy AB Two-Component planting adhesive

- ECO-friendly
- Low odor
- fast curing
- Strong adhesion

PRODUCT FEATURES:

The rebar anchoring adhesive offers high bonding strength, excellent durability, seismic performance, and low shrinkage. It cures quickly, is easy to apply, and is environmentally friendly, non-toxic, and low in odor, making it ideal for anchoring in buildings, bridges, tunnels, and other projects.

MAIN USES:

It is used for building reinforcement, repairing aging structures, seismic strengthening, reinforcing support systems in civil engineering, and securely connecting steel structures or precast components to concrete. It effectively enhances the load-bearing capacity, stability, and seismic performance of the structure.

PRODUCT PARAMETERS

- BRAND:SIMIADO
- MODEL: epoxy planting adhesive
- CAPACITY: 360ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 30 pieces per box
- DIMENSIONS PER BOX: 395mm x 270mm x 270mm
- COLOR: Red

MILANSCLE nail-free adhesive

rapid-cure strong adhesive

WaterProof

NON-TOXIC

Rapid
Drying

Strong
adhesion

PRODUCT FEATURES:

This is a high-performance nail-free adhesive product with acidic and quick drying, extremely strong adhesion, wide substrate adaptability, wet wood bonding ability, flexibility and weather resistance, waterproof and non-brittleness, and adaptation to the characteristics of building movements.

MAIN USES:

It is suitable for wood, doors and windows, gypsum board, MDF, stone, tile, metal, plastic, rubber and other material surfaces, showing extremely high material compatibility.

Strong
adhesion

PRODUCT PARAMETERS

BRAND: MILANSCLE

MODEL: nail-free adhesive

CAPACITY: 310ml each

SHELF LIFE: 18 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 302mm x 204mm x 243mm

PRODUCT DIMENSIONS: 4 x 22 (cm) /each

COLOR: white, beige

MILANSCLE XK88 Neutral silicone door and window exterior wall structural sealant

- WaterProof
- Mold-resistant
- High-elasticity
- Strong adhesion

PRODUCT FEATURES:

- It can withstand 25% joint displacement, and is suitable for pasting small exterior walls and stones.
- It is widely used in sun rooms, doors and windows and metal, and has strong compatibility.
- Stable sealing under extreme weather and ultraviolet rays, long-lasting and effective.
- It integrates the functions of caulking, bonding and sealing to improve construction efficiency.
- Stable performance and long-lasting durability.

MAIN USES:

Bonding, caulking and sealing of exterior wall projects such as various sunshine rooms, all kinds of canopies, dry-hung stone glass lighting roofs, point glass, aluminum-plastic panels, etc

PRODUCT PARAMETERS

- BRAND:MILANSCLE
- MODEL: XK88
- CAPACITY: 590ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- DIMENSIONS PER BOX: 360mm x 244mm x 194mm
- PRODUCT DIMENSIONS: 4 x 33(cm)/each
- COLOR: transparent, black, and other colors

MILANSCLE 8-second super fast setting adhesive

WaterProof

Good
sealing

Rapid
Curing

Strong
adhesion

PRODUCT FEATURES:

Positioning adhesive 2.0 upgraded version is a high-performance quick-drying positioning adhesive designed for advertising production and installation industry, with its 8-second positioning, colorless and transparent, highly targeted professional use and wide applicability to a variety of advertising materials, it provides an efficient and convenient bonding solution for the rapid and accurate installation and production of advertising products such as luminous words, signs, light boxes, etc.

MAIN USES:

It is suitable for the bonding, installation and production of advertising words, nameplates, signs, light boxes, PVC boards, etc. It is also widely used in the installation of plates, ceiling materials, decorative moldings, baseboards, etc.

PRODUCT PARAMETERS

BRAND: MILANSCLE

MODEL: 8-second super fast setting adhesive

CAPACITY: 310ml each

SHELF LIFE: 24 months

MILANSCLE 7132 Special sealant for large plate glass fish tank

- Fast curing
- Bubble-free
- Waterproof
- Strong adhesion

PRODUCT FEATURES:

Fast curing improves efficiency, no bubbles to ensure beautiful sealing, anti-aging, color and quality retention, strong adhesion reinforcement and waterproofing, automatic vulcanization becomes tough when exposed to water, showing excellent silicone performance.

MAIN USES:

Manufacturing of high-end doors and windows, fish tanks, aquariums, glass display cases, as well as the fabrication of bathtubs, glass structures, large panel glass, point-supported glass, and skylights, along with bonding and sealing for these applications.

PRODUCT PARAMETERS

- BRAND:MILANSCLE
- MODEL: 7132
- CAPACITY: 260ml/300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 300mm x 200mm x 243mm
- PRODUCT DIMENSIONS: 4 x 21 (cm) /4 x 22 (cm)/each
- COLOR: porcelain white, translucent, glossy black

MILANSCL E 1 second positioning advertising word special adhesive

WaterProof

Good
sealing

Rapid
Curing

Strong
adhesion

PRODUCT FEATURES:

Advertising word special adhesive is a set of fast positioning, fast drying, high-strength bonding, convenient construction, safe and environmental protection, cost-effective and many other advantages in one of the special adhesive, especially suitable for the advertising installation industry for the installation of high requirements for installation speed, effect stability and cost-effectiveness.

MAIN USES:

Designed with the unique needs of the advertising installation sector in mind, our Advertising Letter Special Adhesive serves as the ideal bonding solution for securing an array of signage materials – from acrylic and PVC letters, through carved and crystal designs, to sturdy metal fonts – all securely mounted onto backdrop walls and prominent signages.

PRODUCT PARAMETERS

MILANSCLÉ XK88 neutral silicone door and window exterior wall structural sealant

- Waterproof
- Mold-resistant
- High-elasticity
- Strong adhesion

PRODUCT FEATURES:

- It can withstand 25% joint displacement, and is suitable for pasting small exterior walls and stones.
- It is widely used in sun rooms, doors and windows and metal, and has strong compatibility.
- Stable sealing under extreme weather and ultraviolet rays, long-lasting and effective.
- It integrates the functions of caulking, bonding and sealing to improve construction efficiency.
- Stable performance and long-lasting durability.

MAIN USES:

Bonding, caulking and sealing of exterior wall projects such as various sunshine rooms, all kinds of canopies, dry-hung stone glass lighting roofs, point glass, aluminum-plastic panels, etc

PRODUCT PARAMETERS

- BRAND: MILANSCLÉ
- MODEL: XK88
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 300mm x 200mm x 243mm
- PRODUCT DIMENSIONS: 4 x 22 (cm) /each
- COLOR: black, Porcelain white

MILANSCL Weather-resistant Sealant for Hundred-story Curtain Walls

- WaterProof
- Good sealing
- Mold-resistant
- Strong adhesion

PRODUCT FEATURES:

- Excellent weather resistance: Effectively resist extreme weather and strong ultraviolet rays to ensure long-term sealing stability and good appearance.
- Strong waterproofing: Efficient anti-seepage, keep the structure dry, prevent moisture-induced corrosion and thermal insulation attenuation.

MAIN USES:

It is specially designed for the weather-resistant sealing design of point glass curtain wall, stone curtain wall, aluminum plate curtain wall, large exterior wall, large sun room, glass lighting roof and other construction projects, with strong pertinence.

PRODUCT PARAMETERS

- BRAND: MILANSCL
- MODEL: silicone sealant
- CAPACITY: 590ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- DIMENSIONS PER BOX: 360mm x 244mm x 194mm
- PRODUCT DIMENSIONS: 4 x 36 (cm) /each
- COLOR: black, Porcelain white

MILANSCLE 168 Gold Medal Neutral Silicone mildew proof Sealant

WaterProof

Mold-resistant

Fast curing

Strong adhesion

PRODUCT FEATURES:

- $\pm 35\%$ Joint movement capability with superior elasticity and adaptability.
- Eco-safe, emitting no harmful substances during curing
- Provides strong adhesion for reliable bonding of diverse materials.
- Excelled in water resistance, maintaining seals in damp conditions.
- Resists chemical corrosion, retaining stability in specific chemical environments.

MAIN USES:

- Sealing and caulking applications in a variety of projects including aluminum window and door curtain walls, dry-hung stone curtain wall projects, precast concrete panel constructions, and more.
- Joint sealing in tunnel and road construction projects where concrete expansion joints are present. Suitable for a wide range of industrial sealing purposes.
- Bonding and joint sealing in ceramic tile installations.
- Sealing of joints between stone and other materials such as glass, metal, and plastic.

PRODUCT PARAMETERS

BRAND: MILANSCLE

MODEL: 168

CAPACITY: 590ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 20 pieces per box

DIMENSIONS PER BOX: 360mm x 244mm x 194mm

PRODUCT DIMENSIONS: 4 x 36(cm)/each

COLOR: white, black, grey, and other colors

MILANSCL E hundred-story curtain wall structural sealant

- WaterProof
- Good sealing
- High modulus
- Strong adhesion

PRODUCT FEATURES:

- ±50%Joint movement capability with superior elasticity andadaptability.
- Excellent adhesion: Firmly bonded to curtain wall materials to ensure structural stability.
- Excellent sealing: effective waterproofing, air insulation, and maintaining curtain wall insulation, sound insulation and wind resistance.

MAIN USES:

It is specially designed for curtain wall projects such as point glass curtain wall, aluminum curtain wall, large sun room, glass roof, stone curtain wall, large exterior wall, etc., with strong pertinence and meets the high-strength bonding and sealing needs of specific building structures.

PRODUCT PARAMETERS

- BRAND:MILANSCL E

MILANSCLC Two-Component Ceramic Tile Gap Filler

- WaterProof
- No fading
- Non-shrinking
- oil Proof

PRODUCT FEATURES:

- Hard as porcelain without shirinkage
- No fading scrub resistance
- Rich in color and lustrous
- Mildew proof waterproof oil Proof and antifouling

MAIN USES:

High-end star-rated hotels, bathroom projects, premium cabinet projects, tiles, mosaics, high-grade stone, sanitary ware, toilets, washbasins, glass, aluminum panels, and other materials for mold-proof gap decoration and sealing.

PRODUCT PARAMETERS

- BRAND: MILANSCLC
- MODEL: Two-Component Ceramic Tile Gap Filler
- CAPACITY: 400ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- COLOR: Full color, multiple colors

BG SIDUN 2.0

Intumescent Fireproof Sealant

- fireproof
- ECO-friendly
- weathering resistance
- heat resistant

PRODUCT FEATURES:

- Rapidly forms a dense insulating layer under high temperatures, effectively inhibiting the spread of fire.
- Exhibits outstanding adhesion to a variety of substrates, including concrete and metal.
- Resistant to UV rays, waterproof and moisture-proof, suitable for both indoor and outdoor environments.
- Environmentally friendly and non-toxic, producing minimal smoke upon burning, posing little harm to people and the environment.

MAIN USES:

- Sealing gaps and holes in buildings to improve fire protection ratings.
- Fireproofing cable trays and cable penetrations to prevent the extension of fire along cable routes.
- Protecting critical equipment in industries such as chemicals, power, and metallurgy from fire damage.
- Fire-sealing in transportation vehicles like airplanes, ships, and subways to ensure passenger safety.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 2.0
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- COLOR: red

BG SIDUN 1077 Mildew Proof Sealant

Antibacterial

Mold-resistant

Odorless Paint

Strong adhesion

PRODUCT FEATURES:

This is a premium grouting product that combines mold resistance, antibacterial properties, odor elimination, broad applicability, and superior leveling characteristics. It is specifically designed to create a clean, healthy, and beautiful living environment, making it particularly suitable for users who have high requirements for home sanitation and air quality.

MAIN USES:

It is suitable for trimming and caulking of various materials such as floor tiles, wall tiles, porcelain tiles, wood grain tiles, etc., showing excellent material compatibility.

PRODUCT PARAMETERS

BRAND: BG SIDUN
MODEL: 1077
CAPACITY: 300ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 24 pieces per box
DIMENSIONS PER BOX: 300mm x 200mm x 243mm
PRODUCT DIMENSIONS: 4 x 22 (cm) /each
COLOR: transparent, black, and other colors

BG SIDUN 3.1 silicone-free high temperature fire-resistant 1280°C sealant

- fireproof
- Good sealing
- Silicone-free
- Heat Resistant

PRODUCT FEATURES:

- High-Temperature Stability: Remains stable in extreme conditions up to 800° C, far exceeding standard products.
- Safety Protection: Effectively halts fire sources and smoke, safeguarding personnel and building safety.
- Silicone-Free Advantage: Broadly applicable, reducing potential negative impacts.

MAIN USES:

Primarily serving the industrial sector, it is suitable for fireproof and dustproof workshops, fireproof doors and windows, specific curtain walls of high-rise buildings, and other places requiring strict fireproof isolation. It ensures the maintenance of sealing effect under fire conditions to prevent the leakage of high-temperature gases.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 3.1
- CAPACITY: 310ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 300mm x 200mm x 243mm
- PRODUCT DIMENSIONS: 4 x 22 (cm) /each
- COLOR: white, black, grey

BG SIDUN PU288

two-part corner bond adhesive

- eco-friendly
- highly elastic
- weather-resistant
- Strong adhesion

PRODUCT FEATURES:

PU288 two-component corner adhesive is a high-performance adhesive used in the door and window industry, which includes solvent-free, high strength, good weather resistance, elasticity, special angle composition, odorless, easy to use, long storage period and fast curing. It is ideal for the manufacture of windows and doors.

MAIN USES:

Suitable for bonding aluminum alloy corner codes in aluminum alloy window and door production, stair manufacturing, the construction industry, and various assembly bonding applications in different industrial fields.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 288
- CAPACITY: 600ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 10 pieces per box
- DIMENSIONS PER BOX: 255mm x 250mm x 275mm
- PRODUCT DIMENSIONS: 9 x 25 (cm) /each
- COLOR: transparent

BG SIDUN PU88 polyurethane corner bonding adhesive

ECO-
friendly

Weather
Resistance

Good
sealing

Strong
adhesion

PRODUCT FEATURES:

Robust chemical resistance ensures lasting stability against corrosive agents around mirrors; secure bonding promises enduring safety and usability; alcohol-based neutral curing is environmentally safe, emitting no offensive odors, gentle on surroundings; retains adhesion at high temperatures, fitting for mirror installations near heat sources or in hot climates.

MAIN USES:

It is suitable for the structural bonding of the corners of doors and windows such as broken bridge thermal insulation aluminum alloy, plastic steel co-extrusion profiles, wood-aluminum composite, metal curtain wall, conventional aluminum alloy wood-aluminum, etc.; Elastic bonding of passenger cars, trains, trucks, etc.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: pu88

CAPACITY: 310ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 300mm x 200mm x 243mm

PRODUCT DIMENSIONS: 4 x 22 (cm) /each

COLOR: transparent

BG SIDUN 109 neutral silicone sealant

eco-
friendly

watertight

Does
notcorrode

Strong
adhesion

PRODUCT FEATURES:

Strong and durable bonding, suitable for a variety of materials, to ensure that the mirror is stable, non-corrosive, to protect the safety of materials, green and odorless: to ensure that the indoor air is fresh, waterproof and moisture-proof, heat-resistant and stable, adaptable to high-temperature environment, durable.

MAIN USES:

It is specially designed for pasting and fixing all kinds of mirrors, with strong pertinence, and is also suitable for environmental caulking in kitchens and bathrooms to ensure the safety and beauty of mirror installation.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 109

CAPACITY: 310ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 320mm x 210mm x 250mm

BG SIDUN 3.0 fireproof flame retardant high temperature sealant

- fireproof
- good sealing
- weathering resistance
- heat resistant

PRODUCT FEATURES:

- Fire Retardant: Combats flames, slows fire spread.
- Smoke Suppression: Minimizes smoke, reduces risks.
- Heat Resistance: Maintains stability, prevents heat-induced deformation.
- Sealing Performance: Blocks smoke, gases, and moisture.

MAIN USES:

Suitable for adhesive and flame retardant sealing of various fireproof doors and windows, as well as between layers in curtain wall engineering. Ideal for the flame retardant sealing during the installation of different types of doors and windows, fixation and flame retardant sealing of electronic and electrical components. Additionally, it provides essential fireproof and moisture-proof sealing solutions for public venues.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 3.0
- CAPACITY: 310ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 310mm x 210mm x 250mm
- PRODUCT DIMENSIONS: 4 x 22 (cm) /each
- COLOR: white, black, grey, red, transparent

850°F RTV
High Heat

BG SIDUN 108 kitchen and bathroom specialized silicone anti-mold sealant

mold-resistant

watertight

weather resistant

Good sealing

PRODUCT FEATURES:

Engineered to tackle mold issues in humid environments, this high-performance sealant boasts a specialized anti-mold formula, broad material compatibility, superior heat and water resistance, and versatility across various applications. It serves as an ideal solution for mold prevention in home renovations and commercial projects, ensuring long-lasting cleanliness and hygiene in kitchens, bathrooms, and other damp areas.

MAIN USES:

- Installation and waterproof sealing for kitchen appliances, bathroom fixtures, and general sanitary ware.
- Utilization in sealing seams and joints on diverse substrates including concrete, glass, marble, aluminum panels, and metals.
- Applicable for the installation of glass in various types of doors and windows.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 108
- CAPACITY: 310ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 320mm x 210mm x 250mm
- PRODUCT DIMENSIONS: 4 x 22 (cm) /each
- COLOR: transparent, Porcelain white

BG SIDUN high magic temperature 500°C food grade high temperature resistant sealant

- Food grade
- Heat Resistant
- Fireproof
- Good Sealing

PRODUCT FEATURES:

- Extreme Heat Resistance: Withstands 500° C, ensuring sealing effectiveness.
- Broad Application: Covers industries to households, showcasing versatility.
- Cross-Material Compatibility: Adapts to various materials, demonstrating flexibility.
- Fire-Retardant Safety: Enhances fire protection, securing stable high-temperature sealing.

MAIN USES:

Seal and repair leaks in steam and hot oil pipelines, corrosion and scoring in engine cylinder bodies, edge corrosion and air leakage at the end sealing surfaces of papermaking cylinders, and repairs to plastic molding molds; seal and stop leaks in flat surfaces, flanges, hydraulic systems, threaded connections of various machine tools, textile machinery, construction machinery; and seal and bond electrical equipment.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: silicone sealant
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 300mm x 200mm x 243mm
- PRODUCT DIMENSIONS: 4 x 22 (cm) /each
- COLOR: transparent, black, grey

BG SIDUN 817 polyurethane adhesive

Good
sealing

eco-
friendly

Strong
adhesion

Fast
curing

PRODUCT FEATURES:

Tough bonding and sealing ensure robust connections and waterproof integrity between diverse materials, reinforcing the structural stability of installations. A rapid 3-hour cure significantly reduces downtime, enhancing work efficiency and accelerating project completion, making it a high-performance adhesive solution for a wide range of installation applications.

MAIN USES:

Bathroom hardware installation, mirror frame installation, strong bonding and sealing of glass mirrors, wood, plastic, cement, and various metals. It is also suitable for quick bonding of plates, insulation boards, decorative panels, and baseboards in construction.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 817

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

DIMENSIONS PER BOX: 310mm x 210mm x 250mm

PRODUCT DIMENSIONS: 4 x 22 (cm) /each

COLOR: brown

BG SIDUN PAX212

Non-Silicone Sealant

- ECO-friendly
- Weather Resistance
- Good sealing
- Strong adhesion

PRODUCT FEATURES:

This sealant, formulated without silicone, avoids potential incompatibility issues common with silicone-based sealants. It excels in bonding a variety of materials, demonstrating superior compatibility to meet diverse industrial needs. Simultaneously, it is widely favored in environmental protection, chemical engineering, and waterproofing sectors due to its distinctive advantages.

MAIN USES:

Suitable for bonding and sealing between various materials such as metal to metal, metal to glass, and plastic to metal, it is also applied in a wide range of industrial settings including machinery equipment, electronic appliances, automobiles, ships, cleanrooms, dust-free clean rooms, coating production lines, painting workshops, spray booths, purification equipment, paint baking facilities, air conditioning ducts, and electrical cabinets.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: PAX212
- CAPACITY: 310ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 330mm x 220mm x 267mm
- PRODUCT DIMENSIONS: 4 x 28 (cm) /each
- COLOR: grey, white

BG SIDUN 2K Neutral silicone high-temperature sealant

- Good sealing
- heat resistant
- Strong adhesion
- Fast curing

PRODUCT FEATURES:

- Dual Component: Superior performance and broad applicability.
- Rapid Cure: Full cure in 2 hours, maximizing efficiency.
- High-Temperature Resistance: Effective up to 500° C.
- Reliable Sealing: Ensures safety and operational stability.
- Versatile Use: Strongly adaptable in complex industrial settings, from aerospace to construction machinery.

MAIN USES:

Steam, hot oil pipes, engines, papermaking flood cylinders, plastic molds, machine tools, textile machinery, construction machinery, flanges, hydraulic systems, internal combustion engine cylinder heads, valve covers, oil pans, high-pressure oil pipes, automobile gearboxes, rear axle housings, gasoline engines, thermostat bottoms, oil pumps, water pumps, oil filters, etc.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 2K
- CAPACITY: 600ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- COLOR: black, white, grey

BG SIDUN 3.0A

intumescent fireproof sealant

- fireproof
- Good sealing
- Rapid expansion
- Heat Resistant

PRODUCT FEATURES:
Rapidly expanding upon fire exposure, creating a protective thermal barrier. Ensures a minimum 3-hour fire resistance. UV resistant, waterproof, and temperature-stable. Non-corrosive to building materials and cables. Maintains long-term air-tight and water-tight seals. Environmentally formulated, low-smoke producing. Some products recover original shape post-expansion.

MAIN USES:

Fire-rated door frames, shafts, panel cabinets, cable penetrations through walls, steel pipes with thermal insulation layers, gaps at points where copper pipes penetrate, gaps at points where cable bundles penetrate, gaps at points where plastic pipes penetrate ($\leq 50\text{mm}$), and gaps at points where HVAC ducts penetrate.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 3.0A
- CAPACITY: 310ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- DIMENSIONS PER BOX: 300mm x 240mm x 200mm
- COLOR: red

BG SIDUN 113 metal self-leveling sealant

- watertight
- Weather-resistant
- Strong adhesion
- paintable

PRODUCT FEATURES:

- Self-penetrating Sealing: Automatically penetrates into minute gaps (<1mm) and small clearances (<3mm) on metal surfaces, forming an even and smooth sealing layer.
- Strong Adhesion: Exhibits excellent bonding strength on metal surfaces, ensuring stable and lasting seals.
- Weather Resistance: Resistant to UV rays, temperature and humidity changes, maintaining long-term sealing performance.
- Paintability: The surface can be painted after curing, facilitating color coordination and enhancing aesthetics.

MAIN USES:

- Gaps in Aluminum Alloy Windows and Doors
- Mechanical Components
- Metal Corner Brackets
- Structural Gaps
- Hardware Fittings

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 113
- CAPACITY: 150ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- COLOR: black, Porcelain white, transparent

BG SIDUN 99 Anti-Mildew Sealant (Kitchen and Bathroom Special)

- watertight
- Mold-resistant
- Good sealing
- Strong adhesion

PRODUCT FEATURES:

- Purity & Elegance: Impurity-free, smooth and glossy, elevating decorative quality.
- Mold-Resistant & Healthy: Creates a dry, mold-free living space, safeguarding family health.
- Strong Bonding & Durability: Combines superior waterproofing with strong adhesion, ensuring long-lasting, leak-proof protection.

MAIN USES:

Applicable for toilets, washbasins, bathtubs, and around wall corners, effectively inhibiting mold growth, achieving waterproofing and preventing leaks, thus enhancing the sanitary environment.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 99

CAPACITY: 310ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

COLOR: transparent, porcelain white

BG SIDUN Two-Component Polyurea Beauty sewing agent

watertight

Mold-resistant

Strong adhesion

No cracking

PRODUCT FEATURES:

- Durable & Easy Maintenance: Resists yellowing, stains, and wear, easy to clean.
- High-Quality Adhesive: Pure, strong bond, flexible, prevents cracking.
- Enhanced Living Experience: Comfortable, reassuring daily use.
- Trusted Brand: Commits to premium, reliable products.

MAIN USES:

This product is suitable for a variety of indoor decoration scenarios including wall tiles, flooring, window sills, balconies, bathrooms, showers, kitchen countertops, and more, covering the main areas of home renovation.

PRODUCT PARAMETERS

- BRAND:** BG SIDUN
- MODEL:** Polyurea Beauty sewing agent
- CAPACITY:** 400ml each
- SHELF LIFE:** 12 months
- NUMBER OF BOXES:** 12 pieces per box
- COLOR:** black, white, transparent, and other colors

BG SIDUN PU299 single-component self-leveling polyurethane road crack sealant

- watertight
- No cracking
- Good sealing
- Oil-resistant

PRODUCT FEATURES:

- Single-component polyurethane sealant, easy application, solvent-free, odorless and environmentally friendly after curing.
- Good fluidity, easy to use.
- Flexible, durable, crack-resistant, no delamination, strong seal and waterproof, high displacement, suitable for concrete pavements.
- Good compatibility with new and old sealants, easy to repair.
- Water, oil, acid and alkali, puncture-resistant.

MAIN USES:

- Sealing joints and gaps in building roofs and bathroom floors.
- Repairing cracks in highways, squares, roofs, bridges, and epoxy floors.
- Waterproof sealing of expansion joints and settlement joints in roads, airport runways, and basements.
- Repairing cracks in cement concrete pavements.
- Sealing treatment for pavement cutting joints.
- Waterproof sealing treatment for highway separation joints and cutting joints.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: PU299

CAPACITY: 18L each

SHELF LIFE: 8 months

OPERATING TEMPERATURE: 5°C-35°C

COLOR: grey

BG SIDUN 7132 specialized sealant for large plate glass aquariums

Fast
curing

High
toughness

Waterproof

Strong
adhesion

PRODUCT FEATURES:

- Excellent weather resistance: Superior aging resistance, maintaining good performance over time.
- Rapid drying and curing: Accelerates construction, minimizing downtime.
- High bonding strength: Suitable for various materials, providing safe seals.
- Long-lasting waterproofing: Continues to be waterproof even in damp environments.

MAIN USES:

Specially designed for aquarium and all-glass structure assembly, particularly suitable for high-end doors and windows, glass fish tanks, aquariums, glass countertops, bathtubs, glass component engineering, large glass panels, tiles, ceramic products, and similar production and installation.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 7132

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

COLOR: white, transparent

100%
Silicone

BG SIDUN BG-9X TUV Back Coating Installation Adhesive

- WaterProof
- Good sealing
- Rapid Curing
- Strong adhesion

PRODUCT FEATURES:

- Precise Positioning: Ensures accurate placement.
- High Strength: Provides secure bonding, resisting detachment.
- Rapid Cure: Reduces construction time, enabling quicker utilization.
- Safety & Eco-friendliness: Natural rubber base, harmless and environmentally friendly.
- Strong Adhesion: Specialized for advertising applications, delivering high efficiency and professionalism.

MAIN USES:

It is specially designed for the pasting and installation of acrylic UV spray signs, signs, acrylic words, chevrolet/PVC words, carved words/crystal words, background walls, metal words/signboard plates and KT advertising plates, with strong pertinence, covering a variety of application scenarios in the advertising and sign industry.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: BG-9X
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- COLOR: transparent

BG SIDUN 101 neutral silicone weather-resistant sealant

- Fast curing
- High elasticity
- Weather resistance
- Strong adhesion

PRODUCT FEATURES:

This is a professional adhesive sealant suitable for a variety of building materials including glass, aluminum, aluminum composite panels, and stainless steel. It boasts broad applicability, superior bonding performance, high-quality gel consistency, excellent user experience, and advanced properties such as deep curing, high hardness, and wear-resistance. Designed to offer a specialized, efficient, aesthetic, and durable solution for architectural sealing needs.

MAIN USES:

Suitable for the bonding and sealing of various types of glass, aluminum, aluminum composite panels, architectural doors and windows, curtain walls, as well as stainless steel profiles. It also extends to other applicable areas, demonstrating a broad and professional adaptability to a variety of materials.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 101
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- COLOR: white, black, transparent, and other colors

BG SIDUN 7.0 Marine Deck Hardware Sealant

- WaterProof
- weather resistance
- Corrosion-resistant
- Strong adhesion

PRODUCT FEATURES:

- Sea Water Corrosion Resistance: maintaining seal integrity in marine environments.
- Weather Resistance: Withstands sunlight, rain, wind, and temperature fluctuations.
- High Elasticity: Retains flexibility during deck expansion and contraction.
- Strong Adhesion: Adheres well to metal, wood, and fiberglass.
- Superior Waterproofing: Prevents moisture penetration, protecting the ship's structure.

MAIN USES:

Specifically designed for the unique conditions of marine vessels, it is suitable for a variety of marine applications including fiberglass decks and hulls, wood and fiberglass composites, porthole frames, hull seams, and bonding and sealing metal structures, demonstrating a high level of professional specificity.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 7.0
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 24 pieces per box
- COLOR: transparent, black, white

BG SIDUN CSS329 acrylic (plexiglass) plastic adhesive

Fast curing

Low Odor

Weather resistance

Strong adhesion

PRODUCT FEATURES:

- Excellent Bonding Strength: Ensures strong and durable bonds.
- Special Material Bonding: Performs well on acrylic and other special materials.
- High Transparency: Remains highly transparent after curing.
- Fast Curing: Enhances production efficiency.
- Strong Weather Resistance: Maintains stable bonding performance under various environmental conditions.
- Low Odor: Environmentally friendly with low odor, suitable for indoor use.

MAIN USES:

It is widely applicable for bonding metals (such as steel, iron, copper, aluminum, galvanized and cadmium-plated materials, etc.), glass products, ceramics, marble, jade, wood, plexiglass, cement concrete, fiberglass, plastic products (except non-polar materials). It is used in fields such as optical instruments, meters, handicrafts, machinery processing, electronics, automobiles, textiles, household daily adhesion repair and other areas.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: css329

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

COLOR: white, black, grey

BG SIDUN 5.0

polyurethane sealant for ships

- WaterProof
- weather resistance
- Corrosion-resistant
- Strong adhesion

PRODUCT FEATURES:
Superior water and weather resistance suitable for harsh marine environments; High elasticity and strength to accommodate dynamic stresses and vibrations on ships; Rapid curing to expedite construction processes; Broad adhesion properties applicable to a variety of substrates, Chemical stability resistant to seawater, fuel, and oils, Environmental friendliness and biofouling resistance meeting environmental standards and preventing microbial growth.

MAIN USES:
Fiberglass decks and hulls, composite structures of wood and fiberglass, portlights and frames, hull seams, and bonding and sealing of metal structures.

PRODUCT PARAMETERS
BRAND: BG SIDUN
MODEL: 5.0
CAPACITY: 300ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 24 pieces per box
COLOR: transparent, black, white

BG SIDUN 288

Self-leveling metal sealant

Corrosion-resistant

Fast curing

Strong adhesion

Low voc

PRODUCT FEATURES:

- Corrosion-resistant: Excellent corrosion resistance, suitable for various metal surfaces.
- Self-leveling: Good flowability, suitable for sealing irregular surfaces.
- High bonding strength: Strong adhesion, ensures long-lasting sealing.
- High temperature resistant: Maintains stability in high-temperature environments.
- Fast curing: Quick curing, improves construction efficiency.
- Environmentally friendly with low odor: Low odor during use, non-irritating, safe and environmentally friendly.

MAIN USES:

- Construction: Sealing and fixing doors, windows, curtain walls, and metal structures, especially for waterproof and leak-proof areas.
- Industrial: Sealing and bonding mechanical equipment, pipelines, and flange connections.
- Home Renovation: Sealing metal-to-metal or metal-to-other materials in wet environments like kitchens and bathrooms.
- Automotive: Sealing and bonding metal parts during vehicle manufacturing.

PRODUCT PARAMETERS

- BRAND:** BG SIDUN
- MODEL:** 288
- CAPACITY:** 300ml each
- SHELF LIFE:** 12 months
- NUMBER OF BOXES:** 24 pieces per box
- COLOR:** black, white, grey, and other colors

BG SIDUN 600 odorless and efficient porcelain sewing crystals

- easy to clean
- Mold-resistant
- eco-friendly
- anti-yellowing

PRODUCT FEATURES:

- Anti-yellowing: Maintains original color over the long term, avoids discoloration caused by oxidation.
- Mold resistance and easy to clean: Effectively prevents mold growth, durable and easy to maintain.
- Environmentally friendly and safe: Paste-like consistency for easy application, free from harmful gases such as benzene and formaldehyde.
- Indoor air quality standard A+: Meets stringent indoor air quality standards, no health risks.

MAIN USES:

- Interior Decoration: Used for decorating walls, floors, ceilings, etc.
- Commercial Spaces: Used in malls, hotels, and other public areas to provide effective odor removal and stain resistance.
- Home Renovation: Applied in household kitchens, bathrooms, etc., to maintain freshness and ease of cleaning.
- Specialized Areas: Used in places like hospitals, laboratories, which demand high hygiene and durability.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 600/700

CAPACITY: 400ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 12 pieces per box

COLOR: Porcelain white, and other colors

BG SIDUN 6.0 automotive windshield polyurethane sealant

Weather-resistant

watertight

Strong adhesion

eco-friendly

PRODUCT FEATURES:

- High bonding strength: Firmly bonds the windshield to the vehicle body for long-lasting fixation.
- Excellent weather resistance: Resistant to aging, UV rays, and water, maintaining stable performance in various climates.
- Great elasticity: Adapts to vehicle vibrations and deformations, preventing glass breakage or detachment.
- Environmentally friendly and safe: Solvent-free formula, harmless to humans and the environment.

MAIN USES:

Specially formulated for the windshield sealing requirements of smaller vehicles such as cars and electric quads, it precisely meets the sealing demands of both windshield installation and repair on these types of vehicles.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 6.0

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

COLOR: black

BG SIDUN 200

automotive windshield adhesives

- WaterProof
- Strong adhesion
- Weather-resistant
- Quick drying

PRODUCT FEATURES:
High-performance bonding ensures that the glass is stable, adapts to high-speed and harsh conditions, cures quickly, improves efficiency, shortens waiting time, weather resistance, resists environmental changes, waterproof and sound insulation, environmental protection, reduces harmful substances, and protects environmental health.

MAIN USES:
Its utility is not confined merely to automobile front windshields; it has expanded to encompass a myriad of additional automotive glass sealing contexts, including roof sunroofs and rearview mirrors, thereby showcasing the product's extensive versatility.

PRODUCT PARAMETERS
BRAND: BG SIDUN
MODEL: 200
CAPACITY: 590ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 12 pieces per box
COLOR: white, black, grey

BG SIDUN 365 cold Storage dedicated sealant

Silicone-
free

Mold-
resistant

Strong
adhesion

Oil
resistance

PRODUCT FEATURES:

- Silicone-Free, ideal for sensitive environments.
- Superb Low-Temp Performance at -40°C .
- Strong Adhesion ensures secure bonds.
- Oil Resistant for stability in oily conditions.
- Mold-Resistant Formula prevents deterioration.
- Durable, lasting up to 20 years.
- Multi-Protection against noise, air, and moisture.

MAIN USES:

It is suitable for leakage and anti-penetration of hidden gaps in freezer rooms and refrigerated cabinets, dark corners inside and outside cold storage, installation and sealing of electrical circuits in cold storage, and bonding and sealing of low-temperature materials.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: 365

CAPACITY: 300ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

COLOR: black, white, grey, transparent

BG SIDUN 335T

Quick-drying electronic sealant

- moisture protection
- Strong adhesion
- Electrical insulation
- Fast curing

PRODUCT FEATURES:
SIDUN 335T is a fast-curing, electronically pure sealant offering electrical insulation, vibration and moisture resistance, thermal stability, chemical resistance, and strong adhesion to various substrates. Ideal for securing and protecting electronic components efficiently.

MAIN USES:
Computer motherboards, mobile phone motherboards, electromagnetic coils, household appliances, lamps, LED strips, and various precision components.

PRODUCT PARAMETERS
BRAND: BG SIDUN
MODEL: 335T
CAPACITY: 300ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 24 pieces per box
COLOR: white, black, grey, transparent

BG SIDUN PU89 self-leveling joint sealant

eco-
friendly

Weather
Resistance

Strong
adhesion

solvent-
free

PRODUCT FEATURES:

Extreme Temperature Adaptability: Resistant to both high and low temperatures, maintaining elasticity and sealing properties. It ensures long-term good adhesion and sealing, preventing the infiltration of water, air and other mediums. The eco-friendly formula is self-leveling, solvent-free and silicone-free, causing no harm to the environment and fully compliant with green building standards.

MAIN USES:

This product is specifically designed for gap sealing between metal materials such as doors and windows, stainless steel, aluminum alloy, and aluminum profiles. It has strong applicability and can effectively meet the sealing requirements of metal doors, windows, and structures.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: PU89

CAPACITY: 1kg/drum

SHELF LIFE: 12 months

COLOR: transparent

BG SIDUN 0 Zero Mold ceramic seam crystal anti-mold sealant

PRODUCT FEATURES:

- Superior Adhesion: Rapid curing, solid bonding, enhancing construction efficiency.
- High-Quality Sealant: Impurity-free, high-gloss, showcasing professional aesthetics.
- Durable Mold Resistance: Moisture-resistant, maintaining long-term seal and mold prevention.
- Product Feature: Single-component polyurethane formula, tightly bonded molecules, flexible deformation adaptation, ensuring long-term sealing stability.

MAIN USES:

Specifically designed for sinks, bathtubs, toilets, stoves, and other kitchen and bathroom fixtures, as well as common small damp crevices. It is highly targeted and meets the sealing needs for waterproofing and mildew prevention in bathrooms.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
MODEL: anti-mold sealant
CAPACITY: 120ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 25 pieces per box
COLOR: transparent, black, white

BG SIDUN 101A

Kitchen windowsill sealant

Weather-resistant

Ozone resistant

Strong adhesion

Fast curing

PRODUCT FEATURES:

Silicone sealant is a one-component type that can be extruded and used under a wide range of climatic conditions, rapidly reacting with moisture in the air to cure into a durable, high-performance sealant with high movement capability (displacement capacity $\pm 20\%$). It is resistant to ozone, ultraviolet rays, rain, frost, and other natural erosions, primarily used for weatherproof sealing applications in common curtain wall systems. It exhibits excellent adhesion to most building materials.

MAIN USES:

Can be used on most building material surfaces, such as plastic, tile, glass, metal, marble, granite, wood, etc. (not suitable for PP, PE, Teflon materials).

PRODUCT PARAMETERS

BRAND: BG SIDUN
MODEL: 101A
CAPACITY: 120ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 25 pieces per box
COLOR: white

BG SIDUN PU388

crack sealing compound

watertight

Weather-resistant

eco-friendly

Fast curing

PRODUCT FEATURES:

- High bonding strength ensures secure connections.
- Excellent weather resistance and waterproof properties suitable for various climatic conditions.
- Elasticity and flexibility to accommodate structural deformations.
- Rapid curing enhances construction efficiency.
- Chemical stability compatible with multiple materials.
- Environmentally friendly and non-toxic, meeting safety standards.

MAIN USES:

This involves sealing the gaps found at 45-degree angle connections in aluminum alloy window and door frames, as well as curtain wall structures. It also includes sealing connections at the central uprights of these structures, along with the spaces between frames in the manufacturing of roller shutter doors, advertising signage, and vehicles.

PRODUCT PARAMETERS

BRAND: BG SIDUN

MODEL: PU388

CAPACITY: 120ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 30 pieces per box

COLOR: transparent

BG SIDUN 103A wall repair plaster

strong and sturdy

Good coverage

Strong adhesion

Fast curing

PRODUCT FEATURES:

This product is a highly adhesive white paste with superior coverage capabilities. It's quick and convenient to use, easily spread by trowel, and once dried, forms a solid and durable surface that won't crumble or produce dust.

MAIN USES:

Wall repair paste used to fix damage, cracks, scratches, bulging, peeling, nail holes, fissures, and holes on white walls.

PRODUCT PARAMETERS

BRAND: BG SIDUN
MODEL: 103A
CAPACITY: 120ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 25 pieces per box
COLOR: white

BG SIDUN CS23 Polyurethane Multifunctional Sealant and Adhesive

- high elasticity
- weather resistance
- excellent adhesion
- chemical resistance

PRODUCT FEATURES:

- High elasticity:accommodating minor building deformations.
- Excellent adhesion: Adheres firmly to various substrates like concrete, stone, wood, and metal.
- Strong weather resistance: UV and aging resistant, suitable for outdoor exposure.
- Chemical resistance: Resists various chemicals such as oils and solvents.
- Easy application: Applies with a standard caulking gun, cures moderately fast for convenient use.

MAIN USES:

Building exterior walls,Window and door installation, Roofing,Underground works, Interior decoration, Industrial applications,Roads and bridges,Marine and automotive

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: CS23
- CAPACITY: 590ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- COLOR: transparent, black, white

BG SIDUN W7 extra large aquarium glass sealant

Fast curing

weather resistance

Waterproof

Strong adhesion

PRODUCT FEATURES:

- Age Resistance: Defends against environmental factors, maintaining performance over time.
- Waterproofing: Superior water-seal capability, suitable for underwater or high-moisture settings.
- Strong Bonding: High-strength adhesion for glass, ceramics, plastics, and various materials.
- Rapid Cure: Reduces curing time, enhancing efficiency.
- Eco-friendly Formula: Solvent-free, silicone-free, minimizing harm to the environment and living organisms.

MAIN USES:

- Bonding glass or acrylic panels to ensure structural stability.
- Repairing leaks with waterproof effectiveness.
- Securing underwater decorations.
- Installing and fixing aquarium equipment.
- Sealing seams to prevent water leakage.

PRODUCT PARAMETERS

BRAND: BG SIDUN
MODEL: W7
CAPACITY: 310ml each
SHELF LIFE: 18 months
NUMBER OF BOXES: 24 pieces per box
COLOR: Porcelain white, transparent

FITODOND heavy duty construction adhesive

- eco-friendly
- weather resistance
- Fast curing
- Strong adhesion

PRODUCT FEATURES:

- Strong adhesion
- Weather-resistant, moisture-proof, and waterproof
- Fast curing
- Easy application – requires only single-side application using a standard caulking gun
- Low environmental requirements – can be applied in wet and cold conditions without freezing
- Environmentally friendly and healthy – fully complies with the national indoor hazardous air control standard
- Suitable for both horizontal and vertical surfaces
- Imported from the USA

MAIN USES:

It can be used for bonding various surface-treated materials, including wood, metal, stone, concrete, drywall, brick, ceramic, tiles, hard plastics, and mirrors.

PRODUCT PARAMETERS

- BRAND: FITODOND
- MODEL: construction adhesive
- CAPACITY: 300ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 12 pieces per box
- COLOR: brown

Multi-Purpose Eco-Friendly Sealant

solvent-free

Quick
Drying

Eco-Friendly

Sealant

PRODUCT FEATURES:

- Environmentally Safe: Water-based, low VOC, non-toxic, low odor.
- Versatile: Widely applicable across various materials and industries.
- Efficient and Fast Drying: Accelerates operational processes, enhances efficiency.
- High Strength Bonding: Ensures strong connections, suitable for a wide range of applications.

MAIN USES:

Suitable for sealing around windows, doors, frames, wooden boards, pictures, seams, or edges.

PRODUCT PARAMETERS

BRAND: MAX

MODEL: Acrylic sealant

CAPACITY: 310ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 24 pieces per box

COLOR: white

BG SIDUN 3.0 fireproof flame retardant high temperature sealant

- fireProof
- good sealing
- weathering resistance
- heat resistant

PRODUCT FEATURES:

- Fire Retardant: Combats flames, slows fire spread.
- Smoke Suppression: Minimizes smoke, reduces risks.
- Heat Resistance: Maintains stability, prevents heat-induced deformation.
- Sealing Performance: Blocks smoke, gases, and moisture.

MAIN USES:

Suitable for adhesive and flame retardant sealing of various fireproof doors and windows, as well as between layers in curtain wall engineering. Ideal for the flame retardant sealing during the installation of different types of doors and windows, fixation and flame retardant sealing of electronic and electrical components. Additionally, it provides essential fireproof and moisture-proof sealing solutions for public venues.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: 3.0
- CAPACITY: 590ml each
- SHELF LIFE: 12 months
- NUMBER OF BOXES: 20 pieces per box
- COLOR: white, black, grey, red, transparent

SIDUN 8.1 Two-Component Waterproof and fireproof Foaming agent

Waterproof

Fast Curing

Fireproof

High Density

PRODUCT FEATURES:

This product is halogen- and asbestos-free, with excellent air and water tightness and an IP68 waterproof rating. It has high compressive strength (2.26 MPa, equivalent to a load of 22.6 kg/cm²; 226 tons/cm²), provides thermal insulation, antibacterial and mold resistance, expands in 10 seconds, cures in 60 seconds, and maintains stable performance within a temperature range of -30°C to 100°C after curing.

MAIN USES:

Waterproof sealing of holes in cabinets, pipes, and walls; sealing of cable holes; pipe sealing and insulation; filling of wall cracks; sealing of air conditioning holes, electrical installations, and door/window gaps; moldable into various structural components; sealing and leak prevention of gaps in houses and roofs.

PRODUCT PARAMETERS

BRAND:SIDUN

MODEL: 8.1

CAPACITY: 400ml each

SHELF LIFE: 10 months

NUMBER OF BOXES: 12 pieces per box

COLOR: Blue

BG SIDUN 9.0 Two-Component Fireproof Foam Sealing Agent

- fireproof
- Good sealing
- High Density
- Fast Curing

- PRODUCT FEATURES:**
- Adheres to concrete, drywall, and masonry.
 - Cures quickly in less than 10 minutes.
 - Suitable for complex and hard-to-reach applications — can be installed unilaterally without reinforcement material.
 - Can be re-entered in the future to increase cable capacity.

- MAIN USES:**
- Electrical: Large openings or special partition applications for cables, cable bundles, cable trays, and cable conduits (telecom, industrial).
 - Mechanical: Non-combustible (metal) pipes with mineral wool/ non-combustible insulated small-diameter combustible (plastic) pipes, providing smoke- and airtight sealing, without the need for backing material.
 - Sealing for pipes and pipe bundles.

- PRODUCT PARAMETERS**
- BRAND: BG SIDUN
- MODEL: 9.0
- CAPACITY: 600ml each
- SHELF LIFE: 10 months
- NUMBER OF BOXES: 12 pieces per box
- COLOR: Red

BG SIDUN 189 One-component polyurethane adhesive

Good water resistance

weather resistance

Strong adhesion

eco-friendly

PRODUCT FEATURES:

The 189 Woodworking Adhesive is a moisture-curing, one-component polyurethane adhesive with high bonding strength. It is widely used in construction applications requiring long-term heavy load-bearing. It features excellent weather and water resistance, including resistance to seawater and harsh weather. This adhesive can be used for bonding new structures as well as repairing existing ones.

MAIN USES:

- Wood Bonding: Suitable for bonding various types of wood.
- Multi-material Bonding: Can be used for bonding wood to metal, stone, glass, PVC, and other materials.
- Construction Applications: Particularly suitable for applications requiring long-term heavy load-bearing.
- Repair Work: Can be used for repairing and reinforcing existing structures.

PRODUCT PARAMETERS

BRAND: BG SIDUN
MODEL: 189
CAPACITY: 500ml each
SHELF LIFE: 12 months
NUMBER OF BOXES: 12 pieces per box
COLOR: brown

BG SIDUN CS23 Root-Resistant Polyurethane Sealant

- Good Water Resistance
- Weather Resistance
- Excellent Elasticity
- Strong adhesion

PRODUCT FEATURES:

The Root-Resistant Polyurethane Sealant features strong root resistance, excellent elasticity and flexibility, good adhesion, and outstanding weather resistance, suitable for various substrates and environments. It offers strong water resistance, easy application, and is environmentally friendly with low VOC emissions, ensuring long-term waterproof performance.

MAIN USES:

Root-Resistant Polyurethane Sealant is used in waterproofing projects to prevent plant roots from penetrating. It is primarily applied in green roofs, underground engineering, landscaping, and municipal projects, offering elasticity, weather resistance, and root resistance to ensure long-term waterproof performance.

PRODUCT PARAMETERS

- BRAND: BG SIDUN
- MODEL: CS23
- CAPACITY: 590ml each
- SHELF LIFE: 9 months
- NUMBER OF BOXES: 20 pieces per box
- COLOR: black, white

SHE DIAO 825 Neutral Gold Medal Engineering Structural sealant

Mold-Resistant

High elasticity

Non-Corrosive

Strong adhesion

PRODUCT FEATURES:

SD-825 Silicone Sealant is designed for curtain wall joint sealing and bonding. It is a one-component, neutral, room-temperature curing sealant, easy to use. It offers excellent adhesion, corrosion resistance, mold resistance, and weathering durability. After curing, it remains stable within the temperature range of -40°C to 150°C .

MAIN USES:

- Sealing of joints in aluminum windows, curtain walls, dry-hanging stone, and precast concrete panels.
- Sealing of expansion joints in tunnel and road concrete works.
- Bonding and sealing of joints in ceramic projects.
- Sealing of joints between stone and other materials such as glass, metal, and plastic.

PRODUCT PARAMETERS

BRAND: SHE DIAO

MODEL: 825

CAPACITY: 590ml each

SHELF LIFE: 12 months

NUMBER OF BOXES: 20 pieces per box

DIMENSIONS PER BOX: 360mm x 244mm x 194mm

PRODUCT DIMENSIONS: 4 x 31 (cm) /each

COLOR: transparent, black, and other colors

SHE DIAO 820 Neutral Silicone Weatherproof Sealant

Mold-Resistant

Non-Corrosive

Weather-resistant

Strong adhesion

PRODUCT FEATURES:

SD-820 Premium Neutral Silicone Weatherproof Sealant is a one-component, neutral, room-temperature curing sealant with excellent adhesion to a variety of substrates. It is non-corrosive, highly resistant to weathering and aging, and maintains stable performance within the temperature range of -40° C to 150° C.

MAIN USES:

- Suitable for sealing installations in various aluminum window projects, aluminum composite panels, glass, etc.
- General sealing for tiles and roofing.
- Various other industrial and construction applications.
